**Application of Times Telecom (USA) Inc.**

**Question 9**

This Application qualifies for streamlined processing pursuant to Section 63.12(c)(1)(ii) of the Commission's Rules. Times Telecom (USA) Inc. ("Times Telecom") is affiliated under the Commission's Rules with Times Telecom, Inc., a competitive long distance service provider in Canada, and Times Telecom Private Limited of Australia, a competitive long distance service provider in Australia. As new competitive providers of service, neither Times Telecom, Inc. nor Times Telecom Private Limited of Australia have more than 50% of the long distance services market, and therefore are presumptively considered to be non-dominant service providers pursuant to Section 63.10(a)(3) of the Commission's Rules, 47 C.F.R. §63.10(a)(3). Finally, Times Telecom has no affiliation with a dominant U.S. carrier whose international switched or private line services it seeks authority to resell, and does not seek authority to provide switched basic service over private lines to a country for which the Commission has not previously authorized the provision of such services.

**Question 10**

Not applicable.

**Questions 11 & 12**

Times Telecom provides the following information and certifications as required in Section 63.18(i) through (m) of the Commission's Rules, 47 C.F.R. § 63.18(i)-(m):

(i) Times Telecom certifies that it is not a foreign carrier within the meaning of Section 63.09(d) of the Commission's Rules. However, Times Telecom is affiliated within the meaning of Section 63.09(e) of the Commission's Rules with Times Telecom, Inc., a competitive long distance service provider in Canada, and Times Telecom Private Limited of Australia, a competitive long distance service provider in Australia.

(j) Times Telecom certifies that it seeks to provide international telecommunications services to all global points, including Canada and Australia, where Times Telecom has foreign carrier affiliates as indicated in paragraph (i) above. The only exception is Times Telecom is not seeking authority to provide service to any point on the Commission's Exclusion List, which currently is only Cuba on a facilities-basis.

(k) Canada and Australia are Members of the World Trade Organization ("WTO").

(l) Times Telecom may resell the international switched services of unaffiliated U.S. carriers for the purpose of providing telecommunications services to Canada and Australia, where Times Telecom is affiliated with non-dominant foreign carriers as described above.

(m) Times Telecom presumptively qualifies for non-dominant treatment to Canada and Australia pursuant to Section 63.10(a)(3) of the Commission's Rules, 47 C.F.R. §63.10(a)(3).

Times Telecom's affiliate, Times Telecom, Inc., is registered as a competitive long distance service provider in Canada, and its other affiliate, Times Telecom Private Limited of Australia, is registered as a competitive long distance service provider in Australia. As new service providers, these affiliates do not have more than 50% of the long distance service market, and therefore are presumptively considered to be non-dominant service providers.

**Question 15**

Times Telecom has not previously received authority under Section 214 of the Communications Act.
